

**Parking Fee Waiver for MLK Community Health Foundation**

The MLK Community Health Foundation (Foundation), a non-profit foundation, gathers and stewards resources to support the mission, vision and values of the new Martin Luther King, Jr. Community Hospital so that the hospital can strive for a healthy, diverse, vibrant and engaged community in which quality health care is accessible to all. The Foundation’s key priorities are supporting improved care, access to health care, and wellness and prevention programs for the South Los Angeles region, identified as home to the most vulnerable population in Los Angeles County (County). Measures of health among the more than one million residents of South Los Angeles are consistently ranked as the worst in all of the County's regions.

On January 15, 2016, the Foundation, in support of the Martin Luther King, Jr. Community Hospital, will host its “Living the Dream” luncheon to raise private funds for the hospital and community health needs in South Los Angeles. The luncheon will take place at the Grand Hall in the Dorothy Chandler Pavilion at the Los Angeles County Music Center. The Foundation anticipates approximately 600 guests, including civic and community leaders and other honorees.
